

AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A sealer gun comprising:

a trigger;

a needle valve; and

a valve seat,

wherein the needle valve is moved backward by predetermined strokes by operating the trigger so as to form a gap between the valve seat and the needle valve, so that a sealer is spouted from the gap, and

wherein the sealer gun further comprises a tapered portion having a tapered end ~~which~~ that is provided at ~~the~~ a tip of the needle valve, and a ball portion to be brought into contact with or be separated from the valve seat ~~which~~ that is provided at ~~the~~ a back of the tapered portion.

2. (Currently Amended) The sealer gun according to claim 1, wherein the sealer gun further comprises an orifice member for reducing ~~the~~ an area of ~~the~~ flow ~~which is provided in a sealer passage in the downstream of the valve seat.~~

3. (Currently Amended) The sealer gun according to claim 1 ~~or 2~~, wherein

the sealer gun further comprises a controlling member for controlling the moving-backward stroke of the needle valve in a regulated manner.

4. (New) The sealer gun according to claim 2, wherein the sealer gun further comprises a controlling member for controlling the moving-backward stroke of the needle valve in a regulated manner.
